

## Frequently Asked Questions

The complexities of healthcare often leave many in a position of needing assistance with where to turn for answers and information. At Seattle Genetics, we believe it is our responsibility to provide options, resources and assistance for patients being treated with ADCETRIS® (brentuximab vedotin).

### How do I know if my patient’s insurance covers ADCETRIS?

Navigating insurance plans, coverage and requirements can be time-consuming and confusing. SeaGen Secure® Case Managers are trained to help you navigate your patient’s coverage for ADCETRIS.

#### Enroll by calling a SeaGen Secure Case Manager:

855-4SECURE (855-473-2873)

Monday through Friday, 9 AM – 8 PM ET

You can also download an enrollment form or fill one out online: [www.seagensecure.com](http://www.seagensecure.com)

### How do I find ADCETRIS payer policies?

SeaGen Secure® keeps an updated database of ADCETRIS policies that includes Medicare LCDs, Medicaid and commercial policies.

#### Call a SeaGen Secure Case Manager:

855-4SECURE (855-473-2873)

Monday through Friday, 9 AM – 8 PM ET

### What HCPCS code(s) should be used to bill ADCETRIS?

See the coding table below for ADCETRIS coding information.

CLINIC	CPT/HCPCS
ADCETRIS	J9042 (Injection, brentuximab vedotin, 1 mg)
HOSPITAL OUTPATIENT	CPT/HCPCS
ADCETRIS	J9042 (Injection, brentuximab vedotin, 1 mg)

### Will Medicare cover ADCETRIS?

Medicare covers FDA-approved therapies like ADCETRIS for approved indications and for medically necessary treatments when given incident to a physician’s services. SeaGen Secure® can research your patient’s benefits. Please complete an enrollment form or call SeaGen Secure directly with your patient’s insurance information. If you would like a Case Manager to contact you directly, please visit [www.seagensecure.com](http://www.seagensecure.com).

### **Will my patient's managed care organization or Medicaid cover ADCETRIS® (brentuximab vedotin)?**

Managed care and Medicaid plans may provide coverage for ADCETRIS. It is very important to review your specific patient's coverage to determine exact coverage, coding and patient cost share for ADCETRIS. SeaGen Secure® maintains a database of current ADCETRIS policies.

Should you receive reimbursement you believe is incorrect, you may contact SeaGen Secure for assistance.

### **At what rate does Medicare reimburse ADCETRIS?**

Medicare reimburses covered drugs and biologics under Part B based on average sales price (ASP).

Medicare reimburses 80% of this allowed amount.

Should you receive reimbursement you believe is incorrect, please notify SeaGen Secure® so we can assist with the denial or underpayment.

### **How does Medicare reimburse for drugs administered when part of the vial is discarded?**

CMS encourages physicians to schedule patients in such a way that they can use drugs most efficiently. However, if a physician must discard the remainder of a vial or other package after administering it to a Medicare patient, the program covers the amount of the drug discarded along with the amount administered. This coverage applies only to single-use vials. Multi-use vials are not subject to payment for discarded amounts of drug.

Source: Medicare Claims Processing Manual, Chapter 17, section 40 - Discarded Drugs and Biologics.

Providers should document the amount of drug administered, the amount discarded and the reason it was discarded.

### **Is there ADCETRIS claims assistance?**

Yes. SeaGen Secure® can assist with denied or underpaid claims for ADCETRIS and/or its administration. Providers or patients should be prepared to fax copies of the claim(s), EOBs/Remittance Notices, Letters of Medical Necessity (LMNs) and/or letters used in appeal to 855-557-2480.

Case Managers will follow up with the payer to determine why the claim was underpaid or denied and what follow-up steps are needed for reimbursement. They will also begin the appeals process by providing a sample LMN.

### **Is there cost share assistance for patients on ADCETRIS?**

Yes. Currently Seattle Genetics offers two commercial cost share Assistance Programs for commercially insured patients. Eligibility is similar to the regular ADCETRIS Patient Assistance Program but patients must be diagnosed with a labeled indication. Contact SeaGen Secure® for more details.

Additionally, there are multiple foundations with funds for cancer patients. SeaGen Secure can provide contact information for these foundations. Many offer online information and applications. See the table below for all current foundations.
